Ladies we are hitting the ground running this year. As always, the Coronado High School Robotics Team we sponsor was amazing. Thank you to Rampart Tile for sponsoring dinner this year.

Block Kids happened on the 26th. Since I need to turn this in before then I will have more about that next month.

I am so excited about WIC week. WIC week is the first week in March and I am sure Jennifer Walker and Ally Jencson will have a great week planned for us.

I hope to see you all at our February Membership meeting on the 20th. Please invite someone you think would make a great NAWIC Sister.

Valerie Bates

Fundraising

NAWIC Chapter 356 is looking for a Fundraising Committee and a PDE (Professional Learning and Development). One Committee Chair and two additional members per committee. Exciting opportunities to help our chapter get creative raising money, to help plan great activities and to help take our chapter to the next level of leadership, knowledge and empowerment through education. Please ask questions and challenge yourself. These are so important for our chapter! If you are interested or want to learn more, reach out to Valerie.

READ ALL ABOUT IT…

Click to preview

NAWIC Today publication

Available for print or digital for purchase.

This issue is all about Women in Construction Awareness! We share stories of how various chapters from across the country celebrated and brought attention to our association, plus offer ways to spur the momentum beyond our week-long efforts to continue the conversations about women in construction! We’ll hear from NAWIC Secretary Jill Hanson, CIT, on how to identify and appreciate your tribe. We’re also incredibly proud to share about member…

“We need women who are so strong they can be gentle, so educated they can be humble, so fierce they can be compassionate, so passionate they can be rational, and so disciplined they can be free.” – Kavita Ramdas
Ladies,

In an effort to educate our membership on the many things that your local NAWIC chapter is involved with, your WIC Week committee members (Ally Jencson, myself and honorary member Samantha Walter) wanted to share the following ‘Did You Know’!

The focus of Women in Construction (WIC) Week is to highlight women as a viable component of the construction industry. WIC Week also provides an occasion for NAWIC’s thousands of members across the country to raise awareness of the opportunities available for women in the construction industry and to emphasize the growing role of women in the industry. It is also a time for local chapters to give back to their communities. (FUN FACT: WIC Week also coincides with International Women’s Day which is March 8th, 2020) Each year WIC Week has a theme and this year’s is “Paving New Roads to Construction.”

How is Pikes Peak Chapter #356 celebrating???

• Volunteer for our Women Build event on March 7th through Habitat for Humanity
• Join us for our membership drive/happy hour event tentatively scheduled for Wednesday, March 4th (invite to follow soon)
• Listen to our radio interview on KILO 94.3 scheduled for 2/26

We requested a proclamation from Colorado Springs City Counsel to acknowledge and commemorate WIC Week.

What else can you do to celebrate???

• Add Women in Construction Week salutations to emails (see attached salutation example & logo)
• Display the Women in Construction Week Poster at your office, job site, local high schools and colleges (hopefully you’ve done this already!)
• Invite a fellow woman in construction to one of our membership meetings or the upcoming happy hour event (HINT HINT….there may be prizes up for grabs)
• Get the word out about NAWIC and specifically women in construction….we love to hear about success stories….especially any videos or articles that we can post on social media

Post about Women in Construction Week on LinkedIn, Facebook, Twitter, Instagram, etc. using the hashtag #WICWEEK2020

There will be 4 awards this year each with a monetary award and national recognition, see the attached flyer! We would love to win one of these awards so please get involved and share on our social media sites.

Do you want to learn MORE about WIC Week or become a future member of the planning committee?!! Log into www.nawic.org and select WIC Week from the Committees tab on the top of the screen.
In celebration of WIC Week which is March 1st - 7th we have partnered with Pikes Peak Habitat for Humanity on a Women Build project. We have reserved 20 spots for the morning shift from 8:30a to noon and 20 spots for the afternoon shift from 12:30p-4p on Saturday, March 7th, 2020.

Please follow the link below to register- this is an important step because the waivers and details about the day are within the registration. (the project is in Fountain)

We would love for you to wear your NAWIC shirts to the event but you can also purchase a Women Build t-shirt at a cost of $15/shirt prior to the event. (just let me know what size and I will coordinate ordering & delivery!) As mentioned above, they will be providing PPE, water and sunscreen for the event. Please reach out to Ally Jencson or myself if you have any questions.

In addition to the Women Build event, we will also be hosting a NAWIC membership drive/Happy Hour tentatively scheduled for Wednesday, March 4th so please look out for more details on that event coming soon!!!

We look forward to celebrating WIC Week with you!

Winners in the K-3rd Category!

Winners in the 4th-6th Category!

35 kids total, 21 in the K-3rd, 14 in the 4th-6th. The BIG winner to go to Regional was 6th grader Isabella Moritz. Her second year competing. She won with a fully equipped space station/habitat.
Let's Get Competitive!

**NAWIC MARKETING & MEMBERSHIP CONTEST**

**WHAT:**
Show us how NAWIC Powers You, Your Chapter and Your Community in a 1-3 minute video.
This contest is to encourage all chapters to use videos as membership and marketing tools.

**HOW:**
Create a video with the guidelines below,
1. Video must be 1-3 minutes long.
2. Video must have pictures or videos.
3. Video must have sound or music.

**WHEN:**
Submit your video to your Regional Marketing & Membership Committee before March 20th, 2020.
Regional Chairs submit your 1st place winners to the National M&M Committee before July 1st, 2020.

2 awards will be recognized and showcased at Annual Conference 2020 and on the National website!
• Marketing - Award for creativity and design.
• Membership – Award for shares on your social media post

Post your video on facebook or Instagram using
#NAWICVIDEOCONTEST

Videos DO NOT have to be professionally made and can be made using free applications on iPhone/Androids
*If using a different application than the ones suggested please beware of using free copyright material only*
Hello Everyone!!

It’s that time of year again and I am excited and honored to say that NAWIC Pikes Peak Chapter 356 Education Foundation is hosting the National 2020 CAD/Design/Drafting Scholarship Award Competition. As the new Chairperson, along with Co-Chairperson, Alyssa Vernon; we are proud to be a part of the committee and giving our students the chance to participate in this wonderful opportunity. Please take a look at the attached letter with information on how you can donate.

Thank you so much for your help in creating a successful competition for your students.

Request for Sponsorship -NAWIC Pikes Peak Chapter 356 – CAD/Drafting Competition

NAWIC (National Association of Women in Construction) Education Foundation is hosting the National 2020 CAD/Design/Drafting Scholarship Award Competition. Our local Pikes Peak Chapter 356 is very proud to again sponsor this competition here in Colorado Springs. Students from Doherty High School, Mesa Ridge High School, and Rampart High School will compete on a local level with winners moving on to compete on Regional and National levels.

This CAD/Design/Drafting Scholarship competition was designed to introduce high school students to the construction industry in a positive and challenging manner. It fosters a sense of self-worth, builds confidence in the participants, and encourages mentoring programs between students, educators, and the construction industry.

To help fund this competition we are hoping we can count on you for your support. Your donation as a financial sponsor helps us provide gift certificates/prizes/awards for students and judges. We would like each participating student to leave the contest with a gift certificate and/or merchandise. In addition, we would like to acknowledge our judges for offering their time and expertise to the competition with a gift of appreciation. (This cannot be done without their help!) Our goal this year is to raise $2000.00. Donations with a check should be made payable to: NAWIC Pikes Peak Chapter 356 and designated as “CAD Sponsorship”. Please mail to:

NAWIC – Pikes Peak Chapter 356
P.O. Box 7455 • Colorado Springs • 80933

Please contact Amy Christiansen, Chairperson, regarding any other types of donations at 719-429-4676; amy.christiansen@ramparttile.com

We will host the judging competition on Saturday, March 14, 2020 at Redeemer Lutheran Church Crusader Hall with an awards ceremony to be held a couple of weeks later. On behalf of NAWIC and our local Pikes Peak Chapter 356 we thank you for your support of education in the construction industry and in making this Scholarship Award competition a success in our community.
# Membership Benefits

Ever wonder if you are getting value out of being a NAWIC member?

1. Professional Opportunities
2. Educational Opportunities
3. Business Opportunities
4. Employer Benefits of NAWIC Membership
5. Investment Dollars and Sense

“My NAWIC membership has given me the opportunity to expand my knowledge of the construction industry. Programs and workshops at chapter meetings, regional conferences and national conventions have improved my professional and personal skills. To sum it all up, I’ve been educated, enlightened, enriched, energized and entertained by belonging to this Association.”

~ Christine Parsons, CIT, Bluegrass, Ky., Chapter

Working Safely in Cold Weather

Winter weather can expose outdoor workers to frostbite, hypothermia, and cold stress, all of which can be fatal. It is important to know the wind chill temperature to better prepare and perform the work safely.

Follow these work practices to stay safe in cold weather:

- Know the symptoms of cold stress: reddening skin, tingling, pain, swelling, leg cramps, numbness, and blisters.
- Dress properly; wear at least three layers of loose-fitting clothing, insulated gloves and boots, and cover your head.
- Monitor your physical condition and that of your coworkers.
- Stay dry and pack extra clothes; moisture can increase heat loss from the body.
- Take frequent breaks in warm, dry areas.
- Drink warm liquids.

For more safety tips, visit OSHA’s Winter Weather page: [https://www.osha.gov/dts/weather/winter_weather/](https://www.osha.gov/dts/weather/winter_weather/)

OSHA’s On-Site Consultation Program provides no-cost and confidential occupational safety and health compliance assistance to small- and medium-sized businesses. Consultation services are separate from enforcement and do not result in penalties or citations. The OSHA Training Institute Education Centers offer courses for workers, employers, and managers on hazard recognition and abatement at convenient locations nationwide.
OSHA Training Toolbox Talk: Fall Prevention - General Statistics Related to Slips, Trips, & Falls

[Reference 1910 Subpart D / 1926 Subpart M]

“MAY I HAVE EVERYONE’S ATTENTION PLEASE”: If you, a co-worker, or a family member have ever experienced an accident related to a slip, trip, or fall, please raise your hand. (Then ask if anyone would like to briefly explain what caused the accident).

Accidents involving slips, trips, and falls are responsible for causing a great number of serious injuries in the workplace, as well as being the cause of many work-related fatalities. In fact, U.S. government statistics reveal the following facts of interest:

- Nearly one out of every four non-fatal workplace injuries experienced by workers each year are the result of slips, trips, and falls;
- Accidents involving slips, trips, and falls are always one of the leading causes of workplace fatalities each year, usually ranking behind only motor vehicle accidents;
- Falls account for approximately 40% of all fatalities experienced by construction workers, and are the second leading cause of serious injuries in the construction sector. However, the raw numbers of fall-related deaths and serious injuries that occur at non-construction workplaces actually outnumber those occurring at construction sites;
- The types of falls at work vary, with approximately 80% reported being a fall from one level to a lower level, and the other 20% being a fall to the same level;
- The workers compensation costs associated with fall-related injuries typically rank higher than the average costs associated with most other types of injuries;
- Annually, the Occupational Safety and Health Administration, also known as OSHA, consistently issues the greatest number of citations to companies for violations of their fall protection and prevention standards, as compared to other categories of standards;
- Injuries and fatalities associated with slips, trips, and falls are not restricted to just the workplace; fall-related injuries and deaths frequently occur at peoples’ homes and other locations not associated with the workplace.

As you can see, injuries and fatalities caused by slips, trips, and falls in the workplace are a widespread problem. And despite the variety of factors leading up to past incidents, did you know the all of those accidents had one thing in common? Not one of those people went to work that day expecting to be injured or killed in a fall. So, it is important that we all focus our attention and efforts towards trying to prevent these types of accidents. Therefore, our upcoming series of toolbox talks will focus on safety tips and regulations we can utilize to help avoid accidents, injuries, and fatalities associated with slips, trips, and falls in the workplace, as well as elsewhere.

Thank you for your participation today. Please make certain you sign your name on the training certification form so you get credit for attending today’s toolbox training session on this topic.

Free toolbox talk provided courtesy of www.oshatraining.com. Copyright 2020. Not to be sold, altered, or displayed for profit on any commercial website.
Announcing the second annual

NAWIC PACIFIC SOUTHWEST REGION
