

2004 NAWIC Spirit Award Recipient: Kate Muniz, CCA, CIT

The award was presented by Katie Trapp

Kate Muniz has the spirit that promotes NAWIC in the community as well as the organization. Her encouragement and "you can do it" support awakens our chapter into accomplishing projects worth local, regional and national recognition. Her excitement, energy, and enthusiasm gets everyone involved. Kate is driven to learn all that she can about the Construction Industry and has her CIT, CCA, and is getting ready to take the CDS. She is a Charter Member and has been involved in the leadership of our Chapter as President, Vice President, Secretary, Membership Chair, NEF Chair, Nominating Committee Chair, Publicity, and supports every committee activity. She has attended national, regional and strategic planning forums.

Kate stepped up to lead this chapter when no one else would and brought it through a difficult period. She put the building spirit into us when she planted the idea of constructing a playhouse for CASA. It didn't stop with that either - she opened her home, lent us her tools, shared her family, and worked through sweat and tears to bring it to fruition.

She gives of herself constantly and is always there for you. She is a true friend and has taught us what the NAWIC spirit is all about.
