Welcome to 2022!

It's a brand new year and I am so excited to kick off new goals and habits in 2022! I hope you all had amazing holidays with family and friends. We are kicking off the coming year with some old Chapter Traditions that I love!

I've decided that 2022 is a year for relationships. In fact, that is my word of the year for 2022; relationships. 2021 seemed like a complete blur it went by so quickly. And so many people I speak to have the exact same response when I ask, "How are you doing?". That answer is always, "Busy!" I have decided that I have missed out on countless opportunities to spend time with people who bring me joy from being "busy". Work has challenged me to really be aware of where I spend my free time and whom I spend it with. My relationships – with my spouse, my children, my friends and especially with myself are a big goal for me this year. I hope you will consider choosing a word of the year that means a great deal to you as well!

As far as NAWIC goes, we have a awesome start to 2022 planned! First, we have our monthly membership meeting to support Team 2996 – Cougars Gone Wired at Coronado High School in January. This is a member favorite! It is always a treat to meet the teens who are taking on the year's robot challenge. They are so incredibly innovative and SMART! Second, we have our annual Block Kids Competition the first week of February! Another great opportunity to volunteer with your NAWIC sisters and have an impact on the younger generation!

Regardless of whether you have a word of the year, are starting a new resolution or not, I hope that each of you have planned to participate in NAWIC this year. Remember – our meetings are typically the third Thursday of the month. My hope for all of you is that you spark a new relationship with a fellow sister (or sisters!) this year. There is something so special about my NAWIC sisters! I am really looking forward to growing my relationship with you!!

# Membership Announcements

**SAVE THE DATE!**

**March 17, 2022**

We invite you and high school students (grades 11-12) in your school district to attend the 13th annual Colorado Construction Career Days of Southern Colorado on March 17, 2022. The purpose of Construction Career Days is to broaden student knowledge about the multi-faceted opportunities available and to increase the number of men and women entering the construction industry. This event also puts them in contact with local contractors. Students spend the day from 8:30 AM to 1:30 PM engaged in hands-on events, stationary equipment activities and technology demonstrations. Lunch will be provided. Registration and information will be available on line at <https://www.sococareerdays.com/> prior to the event. Please note that "Parent Permission Forms" will be required for the students to participate. These will be available on line also. Planned and Organized by: Southern Colorado Construction Career Day Foundation

## Overview

With 11% of annual global greenhouse gas emissions coming from specified emissions—the carbon footprint of the products we use to build—Carbon Love and Learns are designed to re-orient our relationship with carbon, shifting from seeing it as a waste product driving global warming, to understanding carbon as a resource with which we can design and build.

This single session will offer an overview of embodied carbon and what the building and design community can do about it.

## Learning Objectives

### *Define Embodied Carbon*

- Where does embodied carbon come from?

### *Explore Why Embodied Carbon Matters*

- Why are embodied emissions important for climate action?

### *Discuss the Unique Role of Construction and Design Professionals to Influence Embodied Carbon*

- What can we do?

### *Review Tools, Resources, and Strategies for Action*

- How can we make a difference?

If you are interested in joining us for this virtual experience, be on the lookout for a ZOOM calendar invitation from your Region NAWIC PD & E Chair. We anticipate offering 90-minute session a few times to give everyone multiple opportunities to participate. We look forward to meeting you!

Just a friendly reminder of our January ZOOM Webinar next week Thursday, January 20 at 12pm Mountain / 11am Pacific. (ZOOM info below too). We will be featuring Joey Shea with Interface talking about their Carbon Love and Learn program. This will be a very informative session about our carbon imprint and construction materials we can use to reduce them. I have attached a PDF with an overview. I'm excited to share this with you all!
