- 02/15/2024 Membership Meeting

Happy New Year!

I can't believe the holidays are behind us already. I feel 2024 will be another fruitful year for Pikes Peak 356. We have so much to look forward to!

We are starting the year at Coronado High School with a presentation from the D11 Robotics Team, Cougars Gone Wired. They start the demonstration with their organizational structure, they tell us about the challenge they have been given, and then walk us around to see what they have started building. It is impressive to see what a group of driven teenagers can do.

Our NEF Block Kids Lego Competition is right around the corner. The event will be held on Saturday, February 3 starting at 12:30 p.m. at the Pikes Peak Library District Library 21C. If you would like to volunteer please reach out to the co-chairs Naomi Kidd or Ginger Parry at [block-kidspp356@gmail.com](mailto:block-kidspp356@gmail.com).

We want more involvement with the committees. Please reach out to the committee chairs and co-chairs to see how you can help. They can also give more information about what exactly that committee does. The list of Chairs and Co-Chairs can be found on our website ([nawic356.org](http://nawic356.org)) and on the back of the member meeting program.

New Year's Day is the first page in a blank book: Write a phenomenal story!

Cheers,

Kristen Ibarra, CDT

President

# Community Outreach

NAWIC Pikes Peak 356 Quarterly Community Outreach

(January – March 2024)

The new year means new opportunities to help locally within our community and to allow for the NAWIC Pikes Peak 356 Chapter to receive recognition for giving back. If you have any suggestions for volunteer opportunities that you would be interested in participating in or organizations that we may be able to do a collection drive for in the coming year, then please share them as Community Outreach is currently reviewing local non-profit organizations to help during the new year.

The Community Outreach Committee is looking for additional members to help choose and plan the quarterly outreach volunteering opportunities and collection drives. Please contact Samantha Walter, [samantha.walter@ramparttile.com](mailto:samantha.walter@ramparttile.com), if you are available and interested in helping on this committee.

# Book Club

Our first book for 2024 is Unfu\*k yourself: Get out of Your Head and into Your Life by Gary John Bish-op. The entire book is 206 pages – a total of nine chapters. For January, let's get through Chapter 5, and we will complete the book in February. There is an optional workbook and a 2024 planner if you would like to purchase it. I hear Ally Jencson has an awesome 2024 planner for sale as well! Please remember book club meetings are typically the last Saturday of the month. Times and locations will be determined closer to the meeting dates.

# Craft Club

Craft Club will be offering Spring/Easter kits for the first quarter project. Options will be emailed to all and will include photos of the proposed projects. These kits will be purchased at the end of January/beginning of February for those who have reserved and pre-paid. The date and location of the meetings will be announced once the kits are ordered.

# Block Kids

Our Block Kids Competition will be held February 3, 2024. The competition will be from 10:30am-3pm (registration will start at 11:30am) @ Library 21C, in The Venue meeting room. We will be asking for around 12 volunteers, the volunteers do not have to be NAWIC members. Please watch your email for more details. We currently have all the prizes for the competition. However, we still could use your support with snacks as well as goodie bag stuffings. Here is the link for the Amazon wishlist, [https://www.amazon.com/hz/wishlist/ls/30AIR7543PB26?ref=cm\\_sw\\_em\\_r\\_un\\_un\\_GDjvgoMKoPmfL](https://www.amazon.com/hz/wishlist/ls/30AIR7543PB26?ref=cm_sw_em_r_un_un_GDjvgoMKoPmfL). All items will be mailed directly to Naomi the Block Kids chair when you purchase from this link. We will make about 75 goodie bags, and all additional items are used in following years. Please make sure to provide a total of 75 for any item you may like to help with. We're looking forward to another great event this year. Thank you for all your support.

## Pikes Peak Chapter #356 Safety News

January 2024

### Navigating the New Terrain: Understanding OSHA's 2024 Updates

In 2023, the Occupational Safety and Health Administration (OSHA) introduced several pivotal changes, reshaping the landscape of workplace safety and health regulations. These updates reflect OSHA's commitment to enhancing worker protection, adapting to new industry trends, and addressing contemporary challenges. This comprehensive guide delves into these critical changes, offering insights and practical advice for employers and employees alike.

#### Key Changes to OSHA Regulations in 2024

##### 1. Mental Health in the Workplace

OSHA has placed a renewed emphasis on mental health, recognizing its impact on overall workplace safety. The new guidelines encourage employers to implement mental health programs, provide resources for employee support, and incorporate mental well-being into their health and safety policies.

##### 2. Revised Safety Protocols for Emerging Technologies

With technological advancements, OSHA has updated its safety standards to include protocols for new machinery and tech-driven processes. These updates ensure that safety measures keep pace with innovation, particularly in the manufacturing and construction sectors.

##### 3. Enhanced Chemical Safety Measures

Reflecting advancements in chemical safety, OSHA has introduced stricter guidelines for the handling, storage, and disposal of hazardous materials. These changes aim to minimize risks associated with chemical exposure and accidents.

##### 4. Mandatory Safety Training Enhancements

Recognizing the need for continual education, OSHA now requires more rigorous and frequent safety training sessions across various industries. This change underscores the importance of keeping employees informed about the latest safety practices and regulations.

##### 5. Tightened Enforcement Policies

In 2023, OSHA has increased its inspection and enforcement efforts, particularly in high-risk industries. This shift includes more frequent inspections and stricter penalties for non-compliance, underscoring the agency's commitment to enforcing its standards.

##### 6. Higher Fines for Violations

To reinforce the seriousness of compliance, OSHA has raised the fines for safety violations. This move aims to deter negligence and encourage proactive safety measures among employers.

##### 7. Digitalization and Transparency in Record-Keeping

OSHA now mandates more comprehensive and digitally accessible records of workplace incidents and safety measures. This change facilitates better monitoring and analysis of workplace safety trends.

##### 8. Protections for Non-Traditional Workers

Reflecting the changing nature of work, OSHA has expanded its regulations to include gig economy and remote workers. These updates ensure that non-traditional workers receive adequate safety protections and resources.

The 2024 updates to OSHA regulations mark a significant step forward in the realm of workplace safety and health. By understanding and implementing these changes, employers and employees can foster a safer, more compliant, and more efficient work environment. As OSHA continues to evolve with the times, staying informed and proactive is key to navigating the future of workplace safety.

## PIKES PEAK CHAPTER 356 CHAPTER SPONSORSHIP FORM

NAWIC's core purpose is to enhance the success of women in the construction industry and our chapter's goal is to help educate and promote leadership to women in the construction industry. A NAWIC sponsorship allows companies to annually demonstrate commitment and support of these values within our community.

With a variety of sponsorship opportunities available, sponsors like you allow the leadership and membership of our chapter to execute programs that introduce construction as a viable career path, promote construction trades as another alternative to a successful career choice, work with students from elementary to high school with our Block Kids and Design Drafting Competitions, and introduce a wide variety of professional development and education to promote professional growth.

### SPONSORSHIP LEVELS

Build It Up Sponsorships at all levels include company logo on the welcome page of the chapter website with a link to the company's website, a specific sized business ad in our monthly chapter newsletter, the Centerline, recognition at each chapter meeting and events, and other benefits as outlined below. The sponsorship period is October thru September.

- Build It Up **Platinum** Sponsor \$2,000.00 - Includes all items listed above, with a full-page ad in the Centerline, one annual corporate membership, and \$500.00 applied to two chapter events of your choice (\$250.00 for each event).
- Build It Up **Gold** Sponsor \$1,500.00 – Includes all items listed above, with a full-page ad in the Centerline, and \$500 applied to two chapter events of your choice (\$250.00 for each event).
- Build It Up **Silver** Sponsor \$1,000.00 - Includes all items listed above, with a 1/2-page ad in the Centerline, and \$500.00 applied to two chapter events of your choice (\$250.00 for each event).
- Build It Up **Bronze** - \$500.00 Includes all items listed above, with a 1/4-page ad in the Centerline, and \$250.00 applied to one chapter event of your choice.

For more detailed information regarding our chapter events and programs, please contact our chapter president at [president@nawic356.org](mailto:president@nawic356.org) or visit our chapter website, [www.nawic356.org](http://www.nawic356.org), for more details.
