### BUILD IT UP SPONSORSHIP FORM

NAWIC's core purpose is to enhance the success of women in the construction industry, and our chapter's goal is to help educate and promote leadership among women in this field. NAWIC sponsorship allows companies not only to annually demonstrate their commitment to supporting these values within our community, but also to benefit from valuable networking opportunities and increased brand recognition among industry leaders.

With a variety of sponsorship opportunities available, sponsors like you make a real difference. Your support allows our chapter to:

- Execute programs that introduce construction as a viable career path
- Promote construction trades as an alternative to traditional career choices
- Work with students from elementary to high school through our Block Kids and Design Drafting Competitions
- Provide professional development and educational opportunities to promote growth
